## **Celebrating Twenty Years of PROVEN Service**

The Potts Company celebrates their 20th Anniversary this month. Founded in 1986 by Mike Potts, the firm began with only two employees. Today, The Potts Company has grown to employ over 40 field and office employees, each specializing in their fields of Estimating, Pre-Construction, Project Management, Finance and Accounting, Business Development and field operations.

With a bonding capacity of \$100 million,

Potts specializes in providing construction services for government, faith based, healthcare, historical restoration, higher education and corporate building projects.

Still lead by their original founder, Mike Potts, CEO, remains active in the daily operations of the firm. His philosophy of delivering only the highest quality of service continues to drive their "PROVEN" approach to each and every project.
